Private Angel Readings with Linda West

Life isn't something that happens to you, Life is something you create. So, what's in your life? Do you respond to life's circumstances with fear, anger, or depression? Where is your joy, peace, and happiness? Can't figure it out? The angels are here to help you!

An angel reading consists of but is not limited to connecting you with your Guardian Angels, Guides, or deceased loved ones. Linda can bring you their messages and answer your questions. From the Angels it is always a message of love and support. You are never alone. The Angels and I work with healing energy, scanning the aura, clearing chakras, severing etheric cords, past life regression and mediumship. The angels have no limits on how much they can help as long as you ask. They can help you with your career, health, relationships, housing, finances, past lives, moving forward, life path and identifying and clearing obstacles. No question is too great or too small. All you need to do is ask!

For current pricing and to schedule with Linda please call [928] 367-2040. Readings are recorded and last one hour.
