- Are you seeking answers?
- Are you wrestling with a decision?
- Need some insight?

*Linda West an Author, Speaker and one of America's most sought after Psychic Medium's offers this special event to provide you with clarity, insight and empowerment in the areas of your life seemingly providing the most challenges. Her psychic gifts have empowered over 10,000 people to elegantly and more easily act, decide, and move forward in all situations and to heal from the loss of loved ones by connecting with them for answers. Ms. Linda holds a Masters Degree in Metaphysics and is a personally certified Angel Reader by Dr. Doreen Virtue.*

This is your opportunity to gain insight into health, wealth, relationships, co-workers, bosses, clients, friends, family and to connect with loved ones who have crossed over. If we're struggling with a decision regarding any of one of these things, it affects us emotionally, spiritually, physically and financially which translates directly into our outward manifestations.

When Linda connects with your angels, she sees you through their eyes. The angels will bring you their messages and answer your questions with tremendous depth and clarity. The Angels have no limits on how much they can help as long as you ask, listen and trust.

The rarest gift we can give ourselves, our loved ones and the world at large is self care and that's what this evening is all about. You will receive answers that guide you with elegance and ease in your actions, thoughts and achievements.
